Steve,

The Closing the Gaps document is supposed to be a summary articulation of the decision document for high-level discussions to get the state to develop their own "roadmap to approval" within an acceptable timeframe (the latest timeframe—and roadmap, for that matter—of many, I guess). So we shared an earlier version of it with the state.

In terms of not having your comments buried, you can always work from the clean version.

Hope this helps.

All,

Reconciling the various edits of the attached document took up a large part of our meetings on Oregon CZARA today. I hope I did everyone's comments and edits justice. The attached version merges comments/edits from the following people:

- Allison Castellan
- Alan Henning
- Peter Leinenbach

Scott Hecht

So please take a look. Christine Psyk has emphasized the need for a very fast turn-around on this. Please try to turn your review around by COB if possible or let the group know when you will get to it.

Thanks.

As promised, here are two versions of the latest Draft Internal "Forestry Gaps" documents. One is a clean version with all the revision incorporated and the other is with redline/strikeout and oodles of very long comments, including from me based on input some of you provided. I did make one change today which was to add "Internal Document" and today's date to the header.

So, end of the day Tuesday, 2/10/2015 is the requested deadline for your input. Thanks.
